CERTIFIED ISO COMPANY

Process Solutions International™

No matter the processing problem, PSI has the solution.

MAX2000® Bug Blaster

MAX2000® The Exclusive Line of PSI

Problem Solving -

Eliminate bugs with the powerful wind generated by PSI's Bug Blaster — an industrial, heavy-duty fan that moves air rapidly and competently. The Bug Blaster is perfect for ventilating and cooling equipment and personnel, and it can move hazardous gases out the door in a snap. Choose PSI red or the paint color of your choice. Comes in 3 sizes (36", 48" & 54").

Each unit is OSHA compliant for personal safety and in hazardous areas. Explosion proof electric motors with prewired starters, units are available in a number of voltages and class/division levels.

OSHA® Occupational Safety and Health Administration
